

## HTML LAB 3 – 2 August 2021

Design a HTML page with the following specifications:

- Divide the page into two horizontal frames with split (50, 50)
- The top frame contains the logo and scrolling text.

Logo:

Scrolling text: Welcome to Department of CSE

- Bottom frame is divided into 3 vertical frames (30, 50, 20).
    - a. The first frame holds the hyperlinks (i to v) for the page to be loaded into centre frame when clicked:
      - i. Home
      - ii. Registration form
      - iii. Feedback form
      - iv. Faculty of CSE details
      - v. Contact information (Table)
    - b. The third frame holds the achievements by the students of CSE (An image map to redirect to various achievements page (sports, academics, cultural))
- Image(to be considered as a single unit):
